WARNING SYMBOLS AND DEFINITIONS

	This is the safety alert symbol. It is used to alert you to potential personal injury hazards. Obey all safety messages that follow this symbol to avoid possible injury or death.
	Indicates a hazardous situation which, if not avoided, will result in death or serious injury.
	Indicates a hazardous situation which, if not avoided, could result in death or serious injury.
	Indicates a hazardous situation which, if not avoided, could result in minor or moderate injury.
	Addresses practices not related to personal injury.

IMPORTANT SAFETY INFORMATION

Failure to heed these markings may result in personal injury and/or property damage:

1. Study, understand, and follow all instructions before operating this device.
2. Do not exceed rated capacity.
3. Use only on hard, level surface.
4. Before moving a load, assure that the load is centered and secured with a load restraint device.
5. No alterations shall be made to this product.
6. Wear ANSI-approved safety goggles and heavy-duty work gloves during use.
7. Keep clear of load's path while placing on and removing from dollies, and while moving.
8. Use as intended only. Do not use for aircraft purposes. **Use only in pairs.**
9. Inspect before every use; do not use if parts are loose or damaged.
10. Be aware of dynamic loading! Sudden load movement may briefly create excess load causing product failure.
11. Assemble only according to these instructions. Improper assembly can create hazards.
12. Keep your work area clean and well lit. Cluttered work areas invite accidents.
13. Keep bystanders, children, and visitors away while operating Wheel Dolly. Distractions can cause you to lose control.
14. Stay alert. Watch what you are doing, and use common sense when operating Wheel Dollies. Do not use while tired or under the influence of drugs, alcohol, or medication. A moment of inattention while operating Wheel Dollies may result in serious personal injury.
15. Before use, read manufacturer's instruction manual for the vehicle you will lift.
16. Keep clear of load while lifting and lowering.
17. Do not work under vehicle while on Dollies.
18. Lower load slowly.
19. Weight capacity and other product capabilities apply to properly and completely assembled product only.
20. Store idle Wheel Dollies out of reach of children and other untrained persons. Jacks are dangerous in the hands of untrained users.
21. Wheel Dolly service must be performed only by qualified repair personnel. Service or maintenance performed by unqualified personnel could result in a risk of injury.
22. When servicing a Wheel Dolly, use only identical replacement parts - refer to attached, product-specific parts list and diagram. Follow instructions in the "Inspection, Maintenance, And Cleaning" section of this manual. Use of unauthorized parts or failure to follow maintenance instructions may create a risk of injury and may void any applicable warranty.
23. Industrial applications must follow OSHA requirements.

24. Do not allow anyone in the vehicle while using the Wheel Dolly. Do not start the vehicle while it is on Wheel Dollies. Keep all bystanders a safe distance away from the vehicle.

25. This product is not a toy. Do not allow children to play with or near this item.

26. Maintain product labels and nameplates. These carry important safety information. If unreadable or missing, contact Jackco for a replacement.

27. The warnings, precautions, and instructions discussed in this manual cannot cover all possible conditions and situations that may occur. The operator must understand that common sense and caution are factors, which cannot be built into this product, but must be supplied by the operator.

SAVE THESE INSTRUCTIONS.

Specifications

Rated Capacity	1500 lb
Maximum Tire Width	12.8"

Setup - Before Use:

Read the **ENTIRE IMPORTANT SAFETY INFORMATION** section at the beginning of this manual including all text under subheadings therein before set up or use of this product.

Note: For additional information regarding the parts listed in the following pages, refer to Parts List and Assembly Diagram

Functions

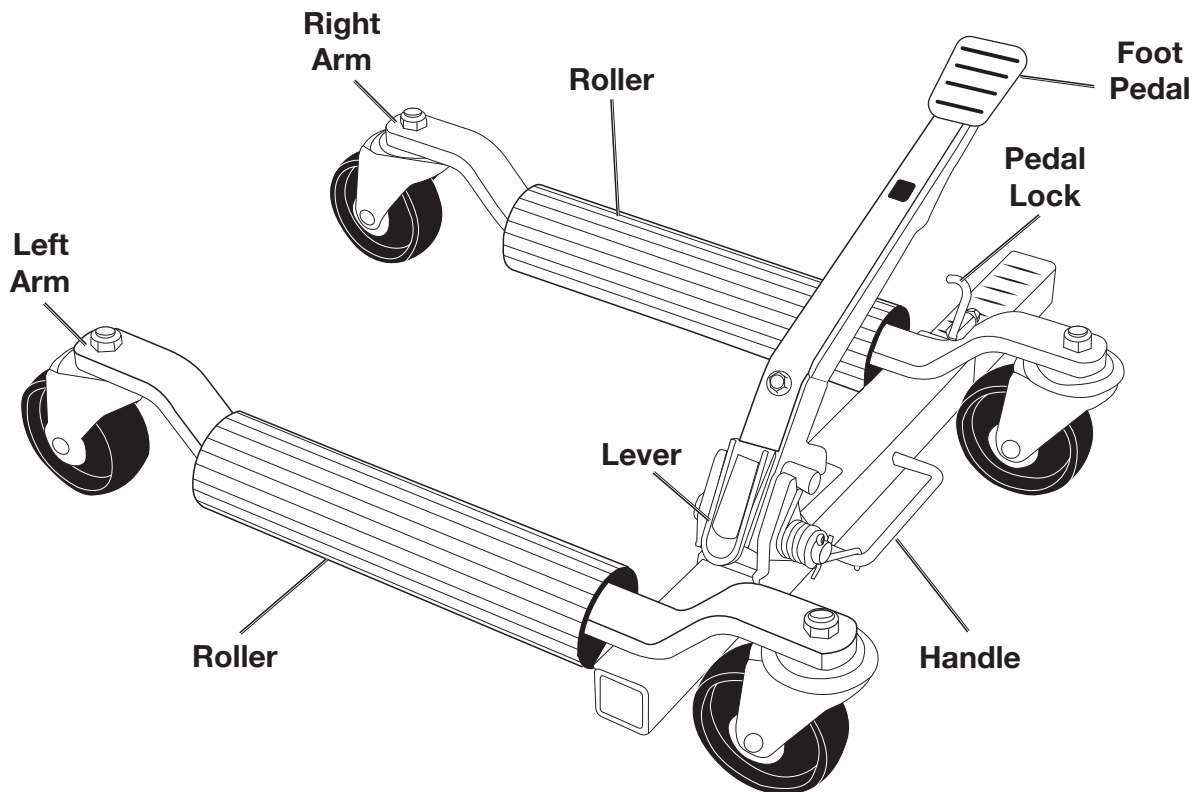

Figure A

Assembly Instructions

Read the **ENTIRE IMPORTANT SAFETY INFORMATION** section at the beginning of this document including all text under subheadings therein before set up or use of this product.

1. Assemble on a flat, level, hard and smooth surface.
2. Attach Casters, making sure the Square Nuts seat inside the Square Openings.
3. Thread Lock Nuts on to Caster bolts, securing tightly.

Figure B

Operating Instructions

Read the **ENTIRE IMPORTANT SAFETY INFORMATION** section at the beginning of this manual including all text under subheadings therein before set up or use of this product.

1. Release the Foot Pedal by depressing it and disengaging the Pedal Lock.
2. **Lifting Tire:**
 - a. With the Lever in the down position, roll Dolly in front of tire, spread Arms apart, then push Dolly forward so that Rollers are on either side of tire
 - b. Move the Lever to the up position, then pump the Foot Pedal until the tire is just lifted off the ground.

Figure C: Putting Dolly Around Tire (Lever in Down Position)

Figure D: Lever in Up Position

WARNING! Be ready for any movement the vehicle may make when the other tire(s) come off the ground. Ensure that you have sufficient assistance and manpower to safely guide and control the vehicle.

3. Repeat **2. Lifting Tire:** for the other tire(s). **Use only in pairs.**

WARNING! Stay clear of any sloping areas or entry ramps, however shallow they may appear. Sufficient space should be allowed between the side of the vehicle and an adjacent wall for the vehicle to be withdrawn from its location in a sideways manner.

4. **Lowering Tire:**
 - a. Move the Lever to the down position, then depress and release the Foot Pedal.
 - b. Once tire is on the ground, spread Arms and remove Dolly.
 - c. Push arms together, then depress Foot Pedal all the way and secure with Pedal Lock.

Inspection, Maintenance, And Cleaning

Procedures not specifically explained in this manual must be performed only by a qualified technician.

!WARNING

TO PREVENT SERIOUS INJURY FROM TOOL FAILURE:

Do not use damaged equipment. If abnormal noise or vibration occurs, have the problem corrected before further use.

1. **BEFORE EACH USE**, inspect the general condition of the Wheel Dolly. Check for:
 - broken, cracked, or bent parts,
 - loose or missing parts,
 - and any condition that may affect the proper operation of the product.
2. **AFTER EVERY USE**, wipe with a clean cloth. Then, store the Wheel Dolly in a safe, dry location out of reach of children and other non-authorized people.
3. **PERIODICALLY:**
 - lubricate the Casters and Foot Pedal pivot with oil.
 - put Lever in down position, spread arms apart and lightly grease the notched tube

Limited One Year Warranty

Jackco Transnational Inc. (Jackco) warrants all Jackco equipment and tools to the original purchaser against any manufacturing defect in material or workmanship for a period of one (1) year from the original date of purchase. If the defective equipment or tool is determined to be covered under this warranty, it shall be repaired or replaced at manufacturer's discretion without charge, provided that the equipment or tool must be returned with proof of purchase to the dealer and freight prepaid, if returned to the manufacturer. This warranty shall not apply to damage due to accident, negligent use, lack of maintenance, abuse or applications other than the specific function the equipment or tool is designed for.

No other warranties, expressed or implied, including those of merchantability or fitness for particular purpose shall be applicable to Jackco except as specifically stated herein. In no event shall Jackco be liable to any party for any special, direct, indirect, consequential, punitive damage of any nature caused by the sale or use of the equipment or tool.

Note: This warranty gives the original purchaser specific legal rights which may vary from state to state.
